Dear Vickie and Jimmy,

The pictures came today and we just love them. Richmond Park looks beautiful and it was interesting seeing the views from your balcony. All of the pictures are excellent and the colors beautiful. Both of you look happy and cute.

We use the deep fryer you gave us often. Last night we had wings too served a Chinese crab mixture wrapped in the thin wrapper and deep fried. Delicious.

Kathie had a baby boy Friday and we went in to the hospital today to see her. The baby is perfect and of course just darling. Dad stayed in the car to listen to the Huskie football game after taking me in. The hospital is so huge that Jack took me back down to meet Dad. Is it any wonder that I got lost in Brussels? I even got turned around on the ferry. I forgot to enclose this sheet when I sent the letter from Marianne. You probably still have her letter with her address.

Tonight we are going to the Mexican

restaurant for dinner. Aunt
Stella said it must be nice to
be rich and I assured her it
was. She has had Harold's
mother all week who is an
invited house so it is quite
a demanding job.

I thank you so much for
the pictures and the letters.
The pictures come in five
days.

Love,
Mona
